

Neil Young

Don't Let It Bring You Down

Key of A (original is Key of C – Capo III)

A G / A C / (x 2)

Old man lying by the side of the road
With the lorries rolling by
Blue moon sinking from the weight of the load
And the buildings scrape the sky

A - / A m 7 - / D - / F E m 7

Cold wind rippling down the alley at dawn
And the morning paper fly
Dead man lying at the side of the road
And the daylight in his eyes

**Don't let it bring you down
It's only castles burning
Find someone who's turning
And you will come around**

D 7 - / C - / B m 7 - / A G / A C / A G / A C

Blind man running through the light of the night
With an answer in his hand
Come on down to the river of sight and
You can really understand

Red light flashin' through the window in the rain
Can you hear the sirens moan?
White cane lying in the gutter in the lane
And you're walking home alone

(Chorus twice, sparingly)
