## When You're Sixty-Four

*Capo II – Key of A.*

When you get older, losing your hair, many years from now  
Will you still be cooking at a Family Night - Birthday greetings, bottle of wine  
If Leo's been out 'til quarter to three, please don't lock the door

**We hope you still need us, we need you to feed us, When you're sixty-four**

*Hm, hm , Hm, hm...*

*You'll be older too*

*Ah, and if you say the word*

*We could pray with you*

We could be handy building a room when your lights have gone  
You can knit a sweater by the fireside  
Sunday mornings go for a hike  
Doing the garden, digging the weeds, who could ask for more

**We hope you still need us, we need you to feed us, When you're sixty-four**

*Every summer we'll go to the cabin on Mt. Hamilton if it's not too dear*

*We'll walk round the lake*

*Ah, grandchildren on your knee*

*Colton, Austin, and Jake*

Send us a postcard, drop us a line, tell us something new  
Tell us just exactly what you did today  
Yours sincerely, here or away

We're getting older, kids growing up, days, months, and years more,

**Will you still need us, will you still feed us, When we're sixty-four (2x)**
