

For Leo & Mary Vadeboncoeur

When You're Sixty-Four

Capo II – Key of A. Performed 3/22/2009 for Leo & Mary's 40th anniversary BBQ.

When you get older, losing your hair, many years from now
Will you still be cooking at a Family Night - Birthday greetings, open Mike's wine
If Leo's been out 'til quarter to three, please don't lock the door

We hope you still need us, we need you to feed us, When you're sixty-four

*When we learn to play this song
You'll be older too
And if you say the word
We could play for you*

Leo's real handy building a room that goes to outer space
He can lay the stones on the fireplace
Sunday evenings saying the grace
Doing your garden, digging your weeds, who could ask for more

We hope you still need us, we need you to feed us, When you're sixty-four

*Every summer we'll go to the cabin on Mt. Hamilton if it's not too dear
We'll walk round the lake
Grandchildren on your knee
Colton, Austin, and Jake*

When you went climbing up Mt. Whitney, forty years ago
Could you even guess that you'd be here today
Holding hands and finding a way
We're getting older, kids growing up, days, months, years and more,

Will you still need us, will you still feed us, When we're sixty-four (2x)
